Astera
CREDIT UNION

For 75 years, Astera Credit Union has been committed to helping members achieve their short- and long-term financial goals. With continued commitment to this service, the Board of Directors and Leadership Team of Astera are excited to announce plans to merge with Adventure Credit Union.

This partnership represents a member-focused effort that would allow the combined organization to enhance the credit union's commitment to greater access and convenience, more member value, and a larger presence in Lansing and the Greater Grand Rapids area.

This merger represents a strategic partnership between two forward-thinking Michigan credit unions committed to members, employees, and the communities we serve. The board of directors who represent the members are confident that by merging with Adventure Credit Union we can better serve our membership together. This merger would allow the combined credit union to enhance what it offers members, such as access to more branch locations; an after-hours Call Center; the ability to expand product and service offerings; as well as continuing to invest in new technologies to improve how members do business with us.

The combined credit union would employ close to 180 people and serve approximately 46,000 members. With a competitive physical presence and our combined resources, we'll be able to better serve our members and our communities.

As the merger process continues, Astera will keep members informed of progress, including sharing important notices, dates, and events. If you have questions please view our frequently asked questions page on asteracu.com or email us at mergerinfo@asteracu.com.
